WORK EXPERIENCE

SK On Hungary - Hungary, Iváncsa

Project Engineer (Automation and Material Control System)

[03/07/2023 - Current]

- Developed and maintained factory automation and material control systems to ensure efficient material handling and uninterrupted production.
- Coordinated engineering activities to optimize material flow across production equipment, improving throughput and minimizing operational bottlenecks.
- Performed root cause analysis of system and material flow issues, identified corrective actions, and prepared technical reports for headquarters to support continuous improvement and informed decision-making.
- Led a daily maintenance team of 5 technicians, assigning tasks, supervising maintenance activities, and preparing daily operational reports.
- Collaborated with cross-functional teams, including production, maintenance, and engineering, to resolve technical issues and maintain stable operations.
- Utilized MCS, MES, RTD, Oracle SQL, VDI, and Microsoft Excel for system monitoring, data analysis, reporting, and performance tracking. Applied Kaizen, 5S, and Six Sigma methodologies to support process optimization and operational efficiency.

Samsung SDI - Hungary, Göd

AGV Technical Operations Engineer (Technical analysis)

[01/04/2022 - 30/06/2023]

Managed AGV operations for efficient material handling and uninterrupted production; analyzed system failures, implemented corrective actions, prepared technical reports and SOPs, collaborated with cross-functional teams on troubleshooting and continuous improvement, and used MES, ACS, Nextplant MCS, MS Office, Kaizen, 5S, Six Sigma, and 5 Why methodologies.

SQUARE Fashions Ltd - Bangladesh, Mymensingh

Executive Engineer

[04/03/2019 - 22/08/2019]

Maintained production machinery, coordinated spare-parts procurement, and designed customized mechanical components while supporting installation and maintenance activities. Trained new technicians on equipment operation, maintenance procedures, and troubleshooting.

BCMC College of Engineering and Technology - Bangladesh, Jessore

Lecturer

[30/11/2017 - 28/02/2019]

Delivered lectures, prepared examinations, and supervised undergraduate student projects. Served as **Campus Coordinator**, coordinating academic activities and student affairs. Served as **President of the Mathematics Club**, organizing academic events and student engagement initiatives.

EDUCATION & TRAINING

Master in Mechanical Engineering (Technical Development)

Hungarian University of Agriculture and Life Sciences (Former Szent Istvan University, Hungary) [31/08/2019 - 31/12/2021]

City: Gödöllő | **Country:** Hungary

Bachelor in Mechanical Engineering

Gujarat Technological University, India [31/07/2013 - 30/06/2017]

City: Ahmedabad | **Country:** India

SKILLS

Microsoft Office | Microsoft Excel | Oracle SQL | Autocad and Solidworks | CAD modelling with Catia V5 | Msc Adams | Ansys software basic level | Knowledge in solar simulation (TSOL) | Virtual Desktop Infrastructure (VDI) | MCS (Material Control System), RTD (Real Time Dispatching), MES(Manufacturing Execution System)
